FARMERS INSTITUTE

Proves Very Interesting and Instructive to the Farmers of Knox County.

Good Lectures on the Various Features of Farming, as well as Stock Raising, Poultry Raising, and Many other Features interesting to the Farmer.

RESOLUTIONS ADOPTED.

The First Annual Institute of the Knox county Farmers was held at the chapel of the Barbourville Institute, beginning last Monday morning.

It was about ten o'clock when President W. M. Tye called the house to order and asked Rev. T. B. Stratton to offer prayer.

This was followed by the Red Men's Cornet Band in an opening which was the first appearance of our Band in public. The music was rendered in a manner that brought forth praise from all sides and speaks well for Prof. Baker who has only been training the boys about six weeks.

Next in order was the Address of welcome, which was to have been delivered by Judge Jas. D. Black, but on account of his absence Hon. W. C. Black our Representative in the Lower House of the Kentucky Legislature was called for and responded in a short address which was very interesting. He was responded to by Hon. Hubert Vreeland, Commissioner of Agriculture, in a splendid address.

The next speaker was Senator R. C. Crenshaw, Assistant Commissioner of Agriculture—Subject: Best System of Crop Rotation to Maintain Fertility of the Soil. This was a very instructive lecture and was enjoyed and appreciated by the large assembly of farmers present.

This was followed by an address by Col. C. M. Hanna, of Shelby county, in a very interesting talk, after which the meeting adjourned until the afternoon.

AFTERNOON SESSION.

The afternoon session was called to order at two o'clock by the President W. M. Tye, and Mesdames H. C. Black and G. A. Lock rendered some choice selections on the piano. This was followed by First Vice President J. D. Jarvis in an address, Subject: Our Local Needs.

This was followed by an address by Prof. J. N. Harper, of Lexington, Subject: Improved Methods on Corn Growing. This was a very interesting and instructive lecture and was appreciated by the farmers present.

EVENING SESSION.

The evening session had been arranged as the entertaining part of the meeting and intended especially to entertain the ladies and children but unfortunately in this respect there was some disappointment. Prof. J. N. Harper of Lexington, who lectured, with his Stereopticon views to illustrate the lecture, had great difficulty in getting his machine to perform its part of the program, and much delay was caused in this respect. During the time Miss Mayo Tinsley rendered some choice selections on the piano which made the time of the delay appear much shorter to the audience. However the people were patient and after a time every thing was in working order and the lecture proceeded. He was followed by Col. Hanna in a short talk, and he by Senator Crenshaw, after which the meeting adjourned for the night.

TUESDAY MORNING.

Tuesday morning a number again assembled at the Institute and Miss Nellie Barner rendered some choice selections on the piano and Judge McDonald gave one of his splendid lectures on Cattle, Beef and Dairy. He was followed by Col. Crenshaw, Senator Hanna, and Commissioner Vreeland in some splendid talks, after which the meeting adjourned sine die.

Before adjournment however the following resolutions were introduced by Representative W. C. Black and unanimously adopted.

Be it Resolved: That the Farmers Club of Knox County, in Institute assembled, is very grateful to the Commissioner of Agriculture, the Hon. Hubert Vreeland, for the keen interest and most earnest endeavor he has taken toward making our institute an appreciative and practical success.

Be it Further Resolved: That to Col. R. C. Crenshaw, Mr. R. C. Hanna, and Prof. Harper are due much credit for their hearty co-operation with the Commissioner in entertaining the Farmers Club as they have so successfully done.

Be it Further resolved: That the Farmers Club of Knox County pledges its undivided support with the Commissioner of Agriculture toward the unification and organization of the several county clubs into a State Federation of Farmers Clubs for the lasting benefit of individual citizenship and the growing prosperity of our Commonwealth.

Be it Resolved: That the Farmers Club of Knox County, in Institute assembled, does hereby express its sincere thanks to the Trustees of the Barbourville Baptist Institute for their kindness in opening the doors of their chapel to the Farmers Club for the purpose of holding their first annual institute. We wish for the school continual prosper-

ity in educating the youths of this community and surrounding country.

Resolved further, That the Club is indebted to the Red Men's Cornet Band, Mrs. H. C. Black, Mrs. G. A. Lock, Misses Tinsley and Barner for entertaining so pleasantly with Shakespeare's "Food of Life"—Music.

To our worthy President, Mr. William Tye, the Club is a gracious and appreciative debtor for his zeal, enthusiasm, fidelity in making the first annual institute of the Knox County Farmers Club a howling success and thereby placed its organization on a firm rock of stability and unswerving firmness.

To the Editor of the Mountain Advocate is due a large share of praise for his loyal enthusiasm and inestimable service rendered through the columns of Eastern Kentucky's leading journal—the Paul Reverse to every home.

W. C. BLACK.

After the adoption of these resolutions the following resolution was offered and adopted: In consideration of the valuable services rendered by his untiring energy in behalf of the Knox County Farmers' Club, the Hon. W. C. Black, be and is hereby made an honorary President of said organization. This resolution was adopted by a unanimous vote.

This marked the close of the first Farmers Institute ever held in South-eastern Kentucky, and we feel safe in saying that all and in all the meeting was a decided success. The farmers were instructed in the farming industry in a way that they never were before in this section and views and opinions were exchanged which will doubtless result in great good in the future.

We were glad to have these distinguished citizens with us and hope that they may make a return visit at some future date when the farmers are not rushed with their work and we assure them that we will have a larger audience out to hear them.

Important Notice.

I wish to inform the citizens of Knox county that a serious epidemic of small-pox is eminent unless all supposed cases of chicken-pox, mumps, etc. that are in reality proving to be smallpox be reported to Board of Health. In every instance measures towards quarantine should be taken immediately.

V. V. ANDERSON,
Health Officer.

DEATH OF REV. W. C. JUDD.

Rev. W. C. Judd, pastor of the Grays circuit, M. E. Church, died at his home on Trace Branch Wednesday of smallpox. He had been sick but a short time. Rev. Judd was one of the best known ministers of this section. Obituary next week.

The fourth of July is drawing near and every lover of liberty, every lover of our country, every lover of our American flag, everyone who has a spark of patriotism in his soul will feel like celebrating this our greatest national holiday.

The Improved Order of Red Men of Barbourville, have arranged for a delightful celebration at the Fair Grounds on that day. Now let everybody come and join in this grand celebration and make it a day of pleasure and entertainment.

The American Indian was the first to claim this country of ours, but the march of civilization has driven him toward the setting sun, until to-day there are only a handful of that once great race of people.

The pale-faced nation has learned many of the ways and customs practiced by the red man and have now an organization founded and named for this now almost extinct race of people. We have a tribe of this peculiar organization here, and they will be out in full uniform on the 4th and will entertain you in grand style. Don't fail to be there.

The first Farmers' Institute ever held in South-eastern Kentucky was held in this city this week, and we believe we voice the sentiment of every farmer who attended, when we say the meeting was a successful one.

The four gentlemen composing the visiting party from a distance were well informed and told their story in a plain, easy manner and joked as man to man.

They explained in detail, what should be done to improve our farming industry here, and it is hoped that our farmers will heed the advice given, and we feel sure they will profit by it.

The meeting here this week of the Farmers Institute has shown to the farmers what might be done by properly organizing and working to the interest of themselves. Let us not allow the interest in this very important enterprise to lag, but let us make every meeting a profitable one to every farmer who attends.

Let us not lose sight of the importance of erecting the new Court house and improving our road system. It will be well worth our while.

ALFRED S. WRIGHT COMPANY BROKERS 48 SOUTH THIRD STREET PHILADELPHIA.

To the Investors and Stockholders:—

We offer subject to sale 100,000 Shares of the Capital stock of the Carolina Copper Company at

\$.50 PER SHARE.

This Company is capitalized for \$1,000,000. and is divided into 1,000,000 Shares of \$1.00 Par Value.

The property of the Carolina Copper Company, which contains over Five Hundred Acres of land and includes the Holloway Mine which is the most prominent mine in the district, is located about fifty miles East of Danville, Virginia, on a spur of the Southern Railway, extending to Granville County, North Carolina.

Extensive development work has been carried on, by the expenditure of many thousands of dollars to determine the ore bodies, and the methods of treating the same. While the ore averages from Twenty to Thirty Dollars per ton Copper, also carrying a small per centage of Gold and Silver, Ninety per cent of this value can be saved by concentrating the ore. After the concentrating plant is completed, the company will then be on a paying basis and dividends forthcoming.

While the Company is only capitalized for \$1,000,000., only 800,000 Shares have been issued, including the 100,000 Shares, which we are now offering, and furthermore, we are safe in saying that after this allotment is sold, no more stock will be offered, for the simple reason that these 100,000 Shares will supply ample funds for the erection of the Concentrating plant, and when completed the stock will no longer sell at \$.50 Per Share, but will advance to \$1.00 per share, and when the dividends are declared, the stock will go far above Par Value.

The Board of Directors are men of high repute, of which we hereby give the list as follows:—

Mr. J. E. Stott, Harrisburg, Pa.	Mr. T. F. Windle, Parkersburg, Pa.
Mr. W. A. F. Thompson, Coatesville, Pa.	Mr. Chas. P. Lukens, "
Mr. F. W. Speakman, "	Mr. W. W. Fry, Philadelphia, "
Mr. E. H. Doan, "	Mr. G. H. B. Martin, Camden, N. J.

We have prepared a prospectus and same will be mailed to you upon application; same gives you in detail the proposition we are now presenting to you and owing to the limited space which we have secured in this paper, we are unable to go into detail here.

Yours very truly,

ALFRED S. WRIGHT COMPANY.
